BUILDING STRONG COMMUNITIES

Literacy Council of South Temiskaming, Food Skills for Families program, makes healthy eating, shopping and cooking easy, quick and fun. This program teaches people how to make healthy meals, snacks and beverage choices and to gain confidence in the kitchen.

POVERTY TO POSSIBILITY

Northern Medical Clinics program through the **March of Dimes** provides supporting health care for individuals in rural communities. Funding will support existing clinics, expanding the program and offering care as demands rise in the North.

HELPING KIDS BE ALL THEY CAN BE

Friends of Interlink at St. Peter's, Interlink Choir, brings together Grades 4 and 5 students at Central Public School and seniors in the community through the celebration of words and music. This program promotes mental health for the young and the old by pairing children with seniors as pen pals and who will sing together in the choir.

North Eastern Ontario Children's Foundation funding will assist with coordinating transportation to and from the **Brighter Future and Early ON program**. This program provides families with a supportive, educational environment and gives children the best start possible for their futures.
